South East Region FRSs' Meeting URLs and Conference IDs

The Meeting/video conference URLs and Conference IDs below can be used to access meetings located at FRSs in the South East Region. The information below can be used directly from this page (Meeting URLs only) or copied and pasted into an email or meeting request when required.

Conference IDs are primarily used for those joining the meeting/conference with audio only (e.g. using a phone) who do not have the availability of Microsoft Lync Attendee or Lync 2010. It is for each FRS to manage the usage of their URL and Conference ID, to make sure that conferences don't clash.

Buckinghamshire

Further information
Further details including user name, password, email address and support for booking, finding and using the local FRS terminal can be obtained by contacting the local FRS contact point or reading any support documentation they have provided. Password resets will only be accepted via email to the Kent Fire & Rescue Service Information Systems Helpdesk team from that nominated member of staff.

Guidelines on using the system are available on the **Regional Video Conferencing** page.

Contact Details
The KFRS Information Systems Helpdesk team is available by phone or email, 8am – 8pm 7 days a week. Their contact information is available below:

Telephone: 01622 692121
Extension Number 2444
Email: helpdesk@kent.fire-uk.org
